Rachel Anthony, 50, disappeared around 10 p.m. Feb. 27, 2001, at the end of her shift at Ultimate Liquors in Pine River. The weather was very cold that day, and Anthony had started her car to warm it up before her drive home. A police officer discovered the car still idling about 1 a.m. Upon checking the liquor store, he found the back door unlocked with Anthony's purse and coat still inside, but no signs of Anthony. Her body was found six weeks later in a ravine near Breezy Point, about 15 miles away.

Please bring closure to the family and friends of Rachel Anthony, and bring her killer(s) to justice.
